

MHS RAMP

Roll and Ride – Designed with the eBike enthusiast in mind, the MHS Ramp makes heavy lifting and awkward bike loading a thing of the past. Simply connect the American-made ramp to any MHS DUO tray and roll your ride into position with minimal effort. Once bicycles are loaded, collapse and stow the ramp for storage – and save your energy for the adventure ahead.

- Bike ramp for MHS Duo tray style hitch rack configurations
- Easily roll bikes (up to 80 lb.) onto any MHS Duo tray, eliminating heavy lifting
- Stow and go with the MHS Ramp's telescoping design
- Ideal for heavy bicycles, including eBikes
- Built with durable American-made steel

MHS Ramp - 4698 | MSRP: \$189.99
