# Trunk Racks

## DESIGN PHILOSOPHY:

Saris Trunk Racks are as fashionable as they are functional, lightweight and easy to use. You'll love the fluid, arcing lines of our Bones series—the top-selling bike rack worldwide—and all our trunk racks add to the aesthetic image of your car.

# SuperBones

The SUPERBones is the ultimate trunk rack – period. From interwoven steel straps to deter would-be thieves to the beautiful strap management system, the SUPERBones is sure to please cyclists of all types.

- Innovative retractable straps feature one-touch adjustability for ease of car fit and seamless strap management.
- Pivoting and floating foot easily and intuitively adjusts to vehicle's design.
- Dual locking system that securely locks the bike to rack and rack to car.

# Bones

Conceived by famed Italian designer, Fabio Pedrini, the iconic Bones design has set the standard. With over 1 million sold worldwide, the Bones bike rack is a tested statement of style, design and durability.

- Arc-based design fits over most spoilers and separates bikes on different levels.
- Injection-molded arms and legs are the strongest on the market.
- Rubberized feet protect vehicle and coated straps protect bike.

# Hitch Racks

## DESIGN PHILOSOPHY:

Our design philosophy for our hitch products is to create a sturdy hitch rack that is really light weight, easy to use, and fits the widest variety of bike types. Light weight is important. Most people put their racks on to go somewhere and take them off when they get home, so lighter is a lot easier for the consumer—especially women. We also incorporated lightweight materials in the wheel trays and attachments. All pieces of the rack are engineered and tested in our facility in Madison Wisconsin and warranted for life.

# SuperClamp

The SuperClamp completely eliminates frame contact, protecting your bike, all while providing the most secure hold of any tray-style rack around.

- Integrated locks for bikes and hitch.
- Carries any type of bike, up to 60 lbs/bike.
- Most stable no frame contact tray rack available.
- Ratcheting arms pivot on case hardened brackets for superior strength.

MADE IN THE USA

LIFETIME WARRANTY

- Easily fit 5" wide bicycle tires
- For use with all Saris Freedom racks including Freedom SuperClamp

# Specialty Racks

No trunk, no hitch, no problem. At Saris, we offer a specialized rack system to fit virtually any vehicle. Our Freedom Spare Tire locks on tight, providing a low tray height for easy onboarding. Or pick up a rack especially designed for pickups or inside your SUV.

# Freedom SuperClamp Spare Tire

(Msrp: \$499.99)

The Saris SuperClamp Spare Tire is more than just a fun tongue-twister -- it's an excellent way to use your existing spare tire to carry your bike. Even better that the rack has no frame contact on your bike, securely holding the bike by the wheels.

- Carries up to 2 bikes (16 kg per bike).
- Rack does not touch the bike frame.
- Integrated lock of bike to rack to ensure security for bikes.
- Optional wheel holders accommodate fat tire bikes. (item #4419)
- Arms fold down flat for compact, convenient storage.
- Fits most spare tires.
- For wheel depths from 5" – 7 ¾", use base plate B. (item #996B)
- Adapts to left/right/center positioned spare tires
- Light weight at 33 lbs. (15 kg)

MADE IN THE USA

LIFETIME WARRANTY

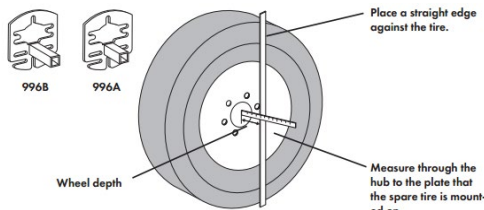

# Freedom Spare Tire

(Msrp: \$329.99)

## FREEDOM FROM YOUR SPARE TIRE.

While it's always good to carry a spare, some spare tires can just get in the way. We understand that here, which is why we made the world's first tray-style spare tire rack. It combines the flexibility of a spare tire mount, with Freedom's universal design, and easy adjustability. And though the included Freedom Spare Tire plate A fits most vehicles, some may require the purchase of Spare Tire plate B.

- Carries up to 2 bikes (16 kg per bike).
- Protective rubber holders adjust to fit all frame types.
- Ratcheting straps keep bikes secure.
- Optional wheel holders accommodate fat tire bikes. (item #4419)
- Fits most spare tires.
- Arms fold down flat for compact, convenient storage.
- For wheel depths from 5" – 7 3/4", use base plate B. (item #996B)
- Adapts to left/right/center positioned spare tires.
- Light weight at 33 lbs. (15 kg)

# Tracks & Traps

(Msrp: \$89.99 - \$139.99)

## A SMOOTH RIDE.

Your bike takes a lot of abuse on the trails, so on the way there, treat it like a first class passenger. Simply lay the track on the floor of your SUV's or mini-van's cargo area or mount it to your truck bed. And with the Traps Triple Track you can stagger or angle Trap mounts to maximize your carrying capacity. Tell your bike to get ready, because it's in for a smooth ride - at least until you hit the trails.

- Transport bikes inside a vehicle.
- Fits standard truck beds as well as the rear of most vans and SUVs.
- Stagger or angle Trap mounts for maximum carrying capacity. (Triple Tracks only)
- Fork mount and wheel holder accessories not included.
- Wheel Holder (WHL1) and Traps (TRKBLK)
- Powder-coated 6061-T6 aluminum.
- Includes 3 sets of mounting hardware for either fork or wheel mounts.
- Available in 35" (Triple Tracks only) and 47" Lengths (Triple and Single Tracks).

MADE IN THE USA

LIFETIME WARRANTY

# Kool Rack

(Msrp: \$269.99)

## HAUL YOUR BIKES, OR SECURE CARGO.

Your truck has never looked Kooler with this raised fork rack. Its pivoting feet and ultra-high friction rubber pads grip any surface—even bedliners. An internal hydraulic pump guarantees a snug fit, while a pressure-limiting valve protects your truck's walls. And with additional bike mounts available, your truck can turn into a lean, mean, bike carrying machine.

- Carries 2 bikes (up to 4 with additional mounts)
- Raised for mount fits truck beds from 50" to 74".
- Hydraulic pump guarantees snug fit.
- Ultra-high frictions rubber pads grip any surface.
- Pressure-limiting valve protects vehicle walls.
- Mounts feature quick-release skewers.
- Tool and drill-free installation.
